CHNUG

How it Started

Oh, there are so many nice meetups in Switzerland:
Programming
Cloud
etc.

Are there any network-related meetups in Switzerland?

How about creating a network community (meetup)?

Hi there,
We had internal discussions about planning a Meetup in Rapperswil around network operations, automation, and related topics.
Who is interested in that?
If there are a few people, I would organize the first one in December this year.
Who would be interested in doing a short lightning talk?
We could bring a few topics from the university, but it would be nice to have some "real" stuff :D
Most importantly, we would also sponsor the 🍻

0 1 +1 3 😊

How its Going

- 30+ official registrations
 - Turns out people still have no LinkedIn
- 10+ different companies
 - Vendors
 - (Internet) Service Provider
 - Academia
 - Etc.
- 3 Interesting Talks
- Apéro

Q&A

What is the primary goal of the CHNUG?

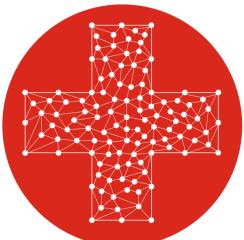

To establish a community for the regular exchange of network topics.

Q&A

How often are the meetups planned?

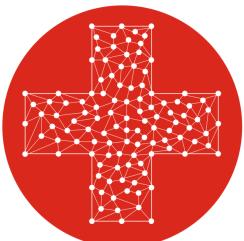

The goal is once per quarter.

Q&A

Is the CHNUG restricted to a specific networking topic?

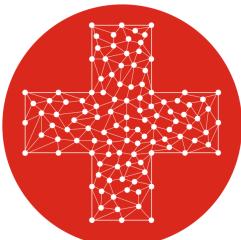

No, but modern topics (network automation, observability) are preferred.

Q&A

Is the group only for network professionals?

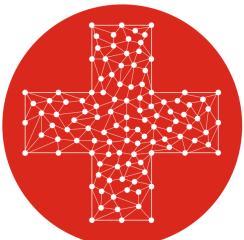

No, it's open to anyone interested in networking.

Q&A

Is the event location fixed?

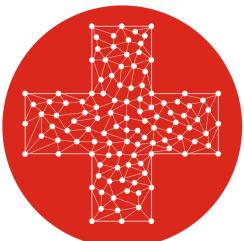

No. If someone wants to host it, I'm more than happy.

Q&A

Will presentation resources and recordings be shared afterward?

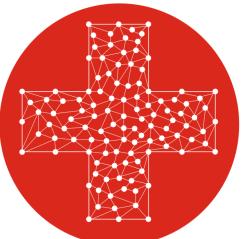

Yes, recordings and slides will be shared, if allowed by the presenter(s)

Q&A

Are marketing or sales presentations permitted?

No, content must be technical and educational.

The background image is an aerial photograph of a Swiss town, likely Zug, showing a mix of traditional and modern architecture. In the foreground, there's a large modern building with a green roof and a smaller building with a red roof. The town is situated near a lake and surrounded by green hills and vineyards.
